Real Estate Company Regulations

5/4/26

These are official regulations that will be implemented immediately and will be followed without question, or result in a major violation.

I. **Real estate companies are not allowed to sell properties that are not registered as owned by the company**
II. **Real estate companies are required to record all selling of property in the civilian operations server**
III. **Real estate companies are not allowed to sell to a customer that already has the maximum amount of properties (5)**
IV. **Real estate companies are not exempt from the maximum amount of properties allowed by a company**
V. **A real estate company is not allowed to operate as an HOA organization, or a neighborhood agency that moderates over all houses owned by the agency**
VI. **Real estate companies are not allowed to ally or operate in accordance with another real estate company.**

For any questions addressing the regulations or general questions, create a ticket.

Signed,

Director of Operations
