Security Company Regulations

5/4/26

These are official regulations that will be implemented immediately and will be followed without question, or result in a major violation.

I. **Security companies are not permitted to operate or be in accordance with any other team but the civilian team.**

II. **To request liveries for security vehicles, requests are only permitted for the bank security vehicles, and the limousine for valley transit.**

III. **A security company is not allowed to do or impersonate law enforcement action. This includes punishing non violent crimes, and chasing a car.**

IV. **When a property owner, or a team/company member of an owned property nearby, asks a security company to leave, the company is required to leave until a safe distance to prevent disturbance.**

V. **Security companies are not exempt from any form of law/moderation**

For any questions addressing the regulations and or general questions, create a ticket.
