Company Regulations

5/4/26

These are official regulations that will be implemented immediately and will be followed without question, or result in a major violation.

I. **Companies are directly responsible for the actions of any member using their livery, unless directly stated that the member in question is violating the rules and using the livery of a company that they are not a part of.**

II. **Companies are required to follow a command given by business high command, unless overridden by a higher rank.**

III. **Companies are required to do due process for registering as a company, and if not can be punished greatly for operating without civ ops permission.**

IV. **Companies are permitted to operate in an unowned building for 2 weeks from creation, before having to purchase it or find another spot to operate in**

V. **Companies are required to stay active, meaning at least 10% of workers are on daily, and may receive punishment if not**

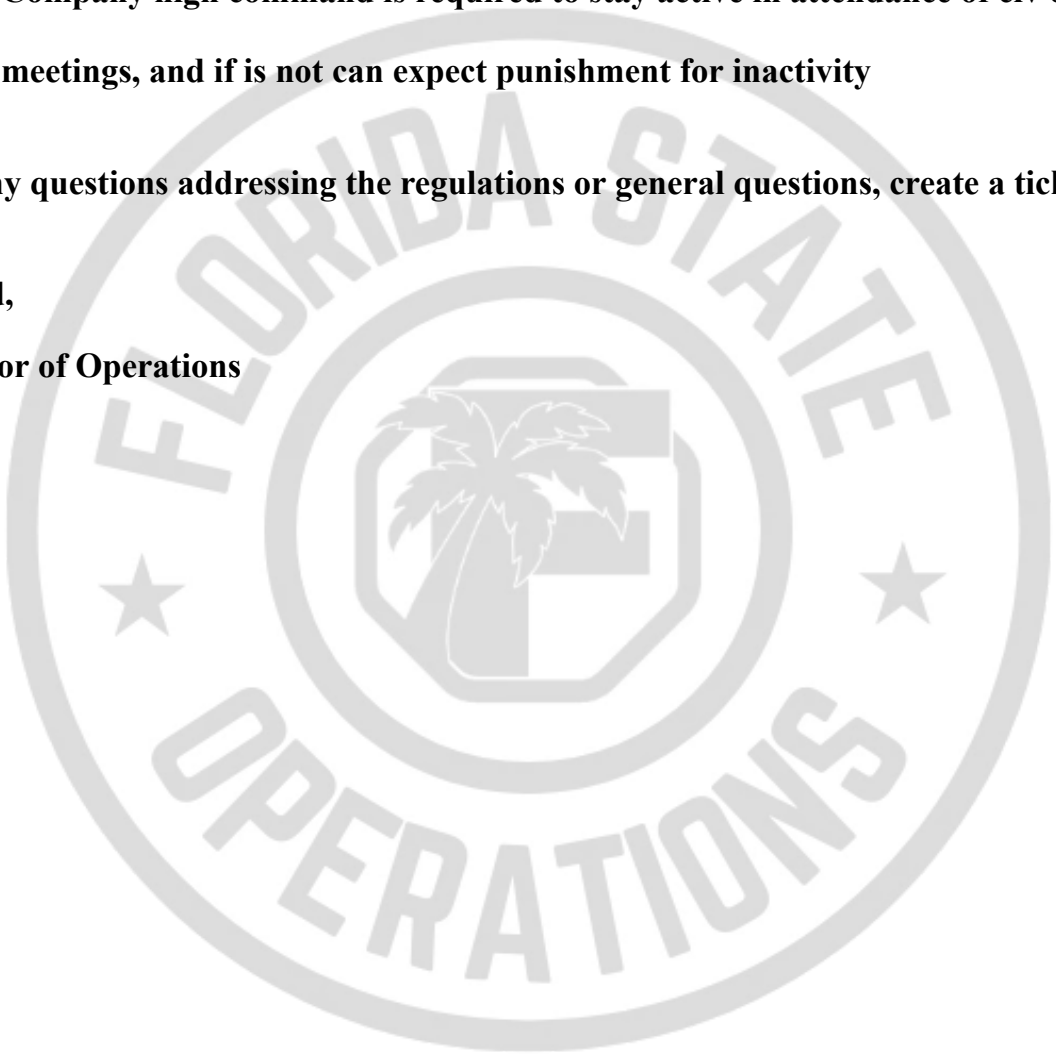
VI. **Companies are not permitted to promote the breaking of laws, and are not exempt from the law in any circumstance.**

VII. **Companies are not allowed to have written/implied affiliation with a mafia/department without permission from civilian operations high command**

VIII. Companies are not allowed to make policy that regards outside of the company (Ex: Saying cops cant pull over for _ reason)

IX. Company high command is required to stay active in attendance of civ ops meetings, and if is not can expect punishment for inactivity

For any questions addressing the regulations or general questions, create a ticket.

Signed,


Director of Operations
